Aim of the Project Work:	The aim of the app is to seamlessly blend social networking and music discovery, providing users with a personalized platform where they can connect with friends, share and enjoy music, and explore engaging music-related content.	
Objectives of this Project Work: <i>(Suggested by Guide and Approval Review Committee)</i>	<ol style="list-style-type: none"> 1. The absence of a cohesive space for sharing and discovering music within a social context creates a gap in the market that "Voids" aims to address. 2. The objective of this website is to enhance the music discovery experience by integrating social connectivity, allowing users to effortlessly explore, share, and enjoy personalized music content while engaging with friends and a vibrant music community. 3. Develop an intuitive platform that allows users to easily discover and share personalized music content within a social context, enhancing the overall music experience. 4. Enable users to engage in real-time social interactions, such as listening to the same song simultaneously with friends in different locations, fostering a more connected and synchronized music experience. 	

5. Build a vibrant music community where users can connect with like-minded individuals, share music preferences, and participate in discussions, creating a social space centered around music discovery and enjoyment.
